Re: Request for Information Pursuant to Section 308 of the Clean  
Water Act (33 U.S.C. § 1318), Docket No. CWA-308-R01-FY17-14

Dear Mr. Thompson:

On October 22, 2015, the U.S. Environmental Protection Agency (the "EPA") issued a final rule requiring all facilities with permits issued under the National Pollutant Discharge Elimination System ("NPDES") Program to electronically submit NPDES compliance monitoring reports and notices [e.g., Discharge Monitoring Reports ("DMRs")] to their authorized NPDES program [80 Fed. Reg. 64063 (October 22, 2015)]. The final rule, which became effective on December 21, 2015, requires that all NPDES regulated entities that are required to submit DMRs must do so electronically by December 21, 2016 (i.e., within one year after the effective date of the final rule).

Therefore, the Town of Erving is hereby required, pursuant to Section 308(a) of the Federal Clean Water Act (the "Act"), 33 U.S.C. 1318(a), to respond to this Request for Information (the "Request") within **the time frames indicated in this letter.**

In order to meet the deadline of the NPDES Electronic Reporting Rule, the Town of Erving must take the following actions:

1. Within fourteen (14) days of receipt of this Request, the Town of Erving must have the signatory authority (i.e., the individual(s) who will be signing the DMRs for the facility) create an account in NetDMR and submit the original copy of the facility's completed and signed Subscriber Agreement (the document generated online which identifies who will be signing for the facility) to the address identified below for EPA's review and approval. The signatory authority can either be a Responsible Official (i.e., corporate officer or for a municipality a principal executive officer or ranking elected official) or a duly authorized representative. A duly authorized representative will need Responsible Official authorization in the Subscriber Agreement. A copy of the "EPA Region 1 Quick Reference Guide for a Permittee to Create an Account and Request Access Using NetDMR" is provided with this Request to assist your facility in completing this step.
2. Within no later than forty-five (45) days of receiving EPA approval of the Town of Erving Subscriber Agreement, the facility shall submit its first electronic DMR through the EPA Region 01 – New Hampshire and Massachusetts Regulatory Authority Instance in NetDMR (see <https://netdmr.epa.gov/netdmr/public/home.htm>). Training on the use of NetDMR can be found by accessing the following link <https://netdmr.zendesk.com/entries/44942194-Training-Materials>.

Information submitted pursuant to this Request shall be sent by certified mail, and shall be addressed as follows:
